Roadmap for 2018 / 2019

⚠️ Our roadmap is currently being updated. Please check back in a couple of days. Thanks for your patience.

Below you can inform yourself about our future planned releases and their contents.

Version	Planned release date	Content/Features

Please be advised that the release dates and the feature lists can change at any time and without prior notification, and are not to be considered final or binding. In addition to the above mentioned features there will usually be bug fixes and small system enhancements in each release.

If not stated otherwise, features are always included in dynaBOARD Cloud as well as dynaBOARD Server versions.
